

GOVERNOR URGES
DRAINAGE OF LANDNo Enterprise That Will Yield
Such Great Returns for
Amount Invested.

(Special to The Times-Dispatch.)
Raleigh, N. C., November 26.—In welcoming the delegates to the fifth annual convention of the North Carolina Drainage Association here this morning, Governor W. W. Kitchin declared that there is no enterprise that will yield so great returns for the amount invested as the drainage of lands in North Carolina. The Governor was introduced by President Joseph Hyde Phatt as having recommended and urged through the 1909 Legislature the special drainage act that has made it possible for the progress in drainage the State has made during the past three years. The Governor stated that there are about 2,000,000 acres of lands in this State needing drainage, and of this amount about 1,000,000 have been brought under the operation of the State drainage law since its enactment in 1909. The convention was opened with prayer by Rev. M. A. Barber, of Christ Episcopal Church. Addresses of welcome, other than that by the Governor, were made by Hon. V. M. Richards, of the Southern Railway, and Chairman J. A. Mills, of the Wake County commissioners. To these President Joseph Hyde Pratt responded for the association, and Hon. O. L. Clark, of Raleigh, for the delegates. The association heard with great interest addresses by Hon. V. M. Richards, of the Southern Railway, on "Reasons Why Every Citizen of North Carolina Should Be Interested in Reclamation of Swamp Lands," and by B. E. Rice, of the Norfolk and Southern, on "Drainage as a Freight Maker." The afternoon was spent in hearing five-minute reports from representatives of the various districts, of which there are fifty-nine, representing every section of the State, and in nearly that number of counties.

To-night the delegates enjoyed a smoker with the Chamber of Commerce as host. Wednesday the association will elect officers and conclude the business of the convention.

JACKSON ON COMMITTEE

Appointed to Advise President Wilson.
From Whom He Has Letter.
It is stated by Giles B. Jackson, of this city, that he has been selected as a member of an executive committee, composed of leading negroes, to advise with Governor Woodrow Wilson after he becomes President on matters affecting the colored race. The committee is composed of Jackson, as president of the National Negro Woodrow Wilson League; Bishop Alexander Walters, of New York, president of the National Negro Democratic League; and Rev. J. Milton Walton, of Washington, president of the National Negro Independent League. The committee was selected at a conference just held in Washington.

Mr. Jackson has the following letter from the President-elect in regard to the committee made and organization work done in his behalf:

Woodrow Wilson,
25 State Street, Trenton, N. J.,
November 15, 1912.

"My Dear Mr. Jackson:
I want to give myself the pleasure not only of acknowledging your kind letter of congratulation, but of expressing in turn my appreciation of the active and intelligent work you have done. As the leader of the party, I feel that I owe you a direct personal expression of sincere thanks.
Cordially yours,
WOODROW WILSON."

COURT OF APPEALS

The United States Circuit Court of Appeals reconvened yesterday morning at 10:20 o'clock, with Circuit Judges Goff and Pritchard and District Judges Waddill and McDowell in attendance. L. W. Throckmorton, of Richmond, was admitted to practice in this court.

The following case was argued: No. 1165.—D. C. Boyce, Betty Boyce et al., appellants, vs. Southern National Bank of Wilmington, N. C., et al., appellees, appeal from the District Court at Charleston, S. C., cause argued by Fred Meares, of Wilmington, N. C., for the appellants, and by Benjamin H. Rutledge, of Charleston, S. C., for the appellees, and submitted.

Case in call to-day, No. 1115.—Minnie H. Miller, plaintiff in error, vs. L. B. Owens, defendant in error, in error to the District Court at Columbia, S. C., to be submitted on briefs by Stanyarne Wilson, of Spartanburg, S. C., for the plaintiff in error, and by Melton V. Besler, of Columbia, S. C., for the defendant in error.

For Sewing and Reading The Rayo is recognized as the best lamp made. It gives a clear, steady light, soft and mellow; the ideal lamp, according to best authorities, for all work requiring close attention of the eyes (far superior to gas and electricity).

The Rayo Lamp

Lighted without removing chimney or shade. Easy to clean and rewick. Inexpensive. Economical. Made in various styles, and for all purposes.

WILL INVESTIGATE
BUCKLEY'S DEATH

Grand Jury to Be Summoned in
Corporation Court on
December 9.

(Special to The Times-Dispatch.)
Alexandria, Va., November 26.—A grand jury will be summoned to meet in the Corporation Court December 9 next, for the purpose of investigating the death of Patrick Buckley, the "boy guide" of the city, whose body was found Sunday morning, November 11, last, with the skull crushed, beside the fire escape on the rear of the old Black-dock House. This will be the first public investigation of the death of Buckley.

All persons who saw Buckley the night before he met his death, together with a number of other witnesses, including some occupants of the Black-dock House, will be summoned before the jury to testify.

The Washington-Virginia Railway will, between now and January 1, next, erect a freight station at the southeast corner of Royal and Franklin Streets. It will be a brick structure one story high.

The funeral of Mrs. Mary Smith, widow of William Smith, who died Sunday at the residence of her daughter, Mrs. Thomas J. Fannon, took place today from St. Mary's Catholic Church.

ADVANCE IN CALL MONEY.

Reaches Highest Rate Attained Since Early Part of 1910.
New York, November 26.—Another sudden advance in call money, or day to day loans, to 12 per cent, equalling yesterday's high rate, not attained since the early part of 1910, was reported for further unsettlement in the stock market to-day.

Call money opened at 9 per cent, but quickly advanced to 12 per cent, and renewals were made at 11 per cent, as compared with 6 per cent yesterday. After touching the high point, however, the rate declined until before the close money was offered at 3 per cent.

Several influence were responsible for the stringency, including that the clearing house banks have already lost \$7,000,000 to the Subtreasury since last Friday, which threatens a deficit in the excess reserve at the end of the week. There also has been a heavy direct shipment of cash by these institutions to the Pacific coast and to agricultural centers. One of the reasons advanced for the stringency yesterday and to-day was the report that the Comptroller of the Currency probably would soon call on the national banks of this country to report their condition.

Syrian Will Speak To-Night.
Rev. Faddoul Moghannab, author of "The Song of Our Syrian Guest," will deliver an address in Broad Street Church to-night at 8 o'clock. He will appear in the costume of his native country and will tell of the shepherd's life in the Orient. A short light upon the passages of Scripture that refer to the Good Shepherd.

SULZER ENJOYS
ALBEMARLE VISIT

Governor-Elect of New York Has
Fine Success as a 'Possum
Hunter.

(Special to The Times-Dispatch.)
Charlottesville, Va., November 26.—Governor-Elect Sulzer, of New York, who has been a guest at Monticello since Saturday, is greatly enjoying his visit to Albemarle. He is having every consideration shown him while here and is making many friends among the people of this section.

Last night he went on a possum hunt and bagged four coons and three possums. He was accompanied by Dave Sloan, a local sporting celebrity, and a member of the Albemarle County Hunt. The party hunted in Monticello Mountain, where game is plentiful. Sloan had with him his two coon dogs, Grover and Lilt, which have treed twenty-five possums this fall.

Congressman Sulzer, who is an experienced hunter, greatly enjoyed the sport. To-morrow he will go in quest of the wild turkey. While out walking Sunday afternoon near the Jefferson house, Sulzer ran across a wild turkey hen.

The Governor-elect declines to be interviewed upon political subjects, but talks interestingly upon the future of the Democratic party and its conduct of affairs, a long lease of power.

ADVANCE GUARD ON HAND

Members Arriving in Washington for
Opening of Congress.
Washington, November 26.—Dozens of Congressmen, the advance guard of the influx that will continue from now until noon next Monday, when the last session of the Sixty-third Congress begins, arrived in Washington today. The House side of the Capitol took on the air of a business-like activity.

Despite the many arrivals, several scheduled conferences and meetings were prevented by the failure of participants to get to the capital. Chairman Clayton, of the Judiciary Committee, has called a meeting to-day, Wednesday, of the House managers, who will prosecute the impeachment charges against Judge Robert W. Archbold, of the Commerce Court. The House managers are prepared to go on with the case immediately upon the convening of the session, and it is expected the trial will be completed by the Christmas holidays. Representative Speakerman, of Florida, chairman of the House Rivers and Harbors Committee, which has charge of the rivers and harbors appropriation bill, reached his office to-day. He called a meeting of his committee for Wednesday, when the estimates for the big so-called "pork barrel" will be discussed. The committee has before it estimates from the army engineers for about \$10,000,000 of rivers and harbor improvements, and it is believed that the bill will total about \$50,000,000 as reported to the House.

STUDENTS REINSTATED.

Lifting of Suspension of Football
Players Creates Good Feeling.
(Special to The Times-Dispatch.)
Lynchburg, Va., November 26.—At assembly this morning at the high school the seven students who were suspended last week for the infraction of a regulation of the school by leaving the school grounds were reinstated, and, as of this to present his regular team against the John Marshall High School, of Richmond, on the gridiron here to-morrow afternoon.

The boys wrote an apology for leaving the school grounds, and upon their suspension appealed to the school board. Last night that body approved the suspension, but referred the matter back to Superintendent Glass and Principal Black for punishment. The boys are to keep on the school grounds for a term and to attend "Saturday school" four weeks.

There is much good feeling among the 400 students on account of the lifting of the suspension of the football players, and the feeling among them is one of confidence over the result to-morrow.

HELD UNDER \$1,000 BOND.

Manager of Musical Comedy Company
Will Face Federal Charge.
Atlanta, Ga., November 26.—Mrs. Emma Pauline Hudson, manager of the Metropolitan Musical Comedy Company, was ordered held for the Federal grand jury on \$1,000 bond when arraigned before United States Commissioner Colquitt this afternoon for alleged violation of the white slave law in connection with charges made by Miss Genevieve Goodwin, of Cincinnati.

Charges against Robert Grier, stage manager, and the four other members of the company, arrested on Federal warrants in connection with the case were dismissed for lack of evidence.

Miss Goodwin, a former trained nurse in Cincinnati, tearfully related her story on the witness stand. After telling how she succumbed to the lure of the stage and was "booked" to the Atlanta company, she declared: "They did not question me about my ability as a show girl, but Mrs. Hudson told me I was to select one of the boys of the company and live with him."

Miss Goodwin, according to her story, then tried in vain to get the company to refund her transportation to Cincinnati. When she asked Mrs. Hudson what she expected her to do, "to as we do, or pawn your watch," the girl said the woman replied.

He's In Good Humor

An exceptionally good smile photo of William J. Bryan, who, according to latest rumors, may be Secretary of State under President Wilson.

TO ENLARGE HOME
OF COLORED WAIFS

Prominent Citizens Indorse Project to Raise Funds for Worthy Charity.

Governor Mann, Mayor Ainslie and a number of prominent men and women of the city are sponsors for a movement to raise a fund of \$3,000 with which to purchase and equip a building to house the Home for Destitute Colored Children, at present operated with meagre equipment at 1513 Taylor Street. The institution is the life's work of a woman, hundreds of destitute colored children and prepared them for useful lives.

Like many institutions of its kind, this one is the outgrowth of the big-hearted charity of a woman. More than five years ago three colored waifs were taken to the City Home to be cared for. It was soon found that the home was not a suitable place, and Rens V. Crawford, colored woman, known for her deeds of charity, offered to care for them at her own expense. From time to time she took in more waifs until the number grew so large that her means were not equal to the task of providing for them.

Voluntary contributions from white and colored people were secured and a temporary home founded at Leigh Hall, on Third Street, between Marshall and Clay. The institution grew in size, removed to 516 North Leigh Street, and finally to its present location. With a steady increase in the number of children, the home has again become inadequate, and it is proposed to raise money with which to purchase a building and enlarge it.

It purchased at once it can be secured for \$1,500. The improvements and additions will cost about \$1,200.

A finance committee made up of members of the various city churches has been formed to secure the money by appeal to the public. Contributions are asked for by Calvin Stewart, 1021 Water Grace Street. The other members of the finance committee are: Mrs. Henry Baskerville, Mrs. D. B. Tennant, Mrs. W. J. Maybree, Mrs. R. I. Williamson, Mrs. W. W. Archer, Mrs. W. H. Shelton, Miss Carrie Lancaster and Miss Adelle Corling.

As soon as the money is in hand the institution will be chartered and placed under capable management. The project has the indorsement of the State Board of Charities and Corrections, Dr. J. T. Martin, Rev. James Buchanan and Judge D. C. Richardson.

RIFLE RANGE READY

Inspection Committee Recommends That New State Rifle Range Be Accepted.
Finding everything in satisfactory shape, the committee appointed to inspect the new State rifle range recommended to the Governor that the range be accepted from the contractor, John Monk, of Norfolk. The committee presented its report to the Governor, Captain H. L. Opie, stating that the ground had been covered thoroughly, and test shots taken over the 200, 300, and 400-yard courses. The rifle ranges except for a slight grading to be done.

In view of the recommendation, it is probable that the range will be accepted at once by Governor Mann and Adjutant-General Sale. The inspection committee was composed of Colonel C. A. Dempsey, U. S. A., retired; Major S. W. Martin, Major Alfred B. Percy, Major Peyton Winfrey, and Captain H. L. Opie.

NEW BANK CHARTERED

Richmond New Bank of New \$150,000
Church Hill Bank.
Still another bank will be added to Richmond's ever-increasing banking by a charter which was granted yesterday by the State Corporation Commission to a number of local capitalists for the banking business of Church Hill Bank to be capitalized at \$150,000. Colonel Joseph E. Willard is to be president of the new institution, with Oscar E. Parrish, of Richmond, as secretary and cashier. The board of directors, all Richmond men, will be composed of the following: Joseph E. Willard, Charles J. Ehlert, T. F. Boyle, Jonathan Bryan, R. D. Gordon, H. A. Randolph, Holladay, L. H. Kemp, John Mann, Jr., H. T. Moore, O. E. Parrish, John L. Satterfield, John Sloan, Joseph E. Sorg and J. W. Stewart.

The new bank, which will supplant all others as the baby of Richmond's financial institutions, was organized to compete for the banking business of Church Hill, taking the place of the branch there of the Bank of Commerce and Trust.

SUFFRAGISTS END
BIG CONVENTION

Adjourns After Adoption of Resolutions on Several Important Subjects.

Philadelphia, Pa., November 26.—What is declared by officers and delegates to be one of the most successful conventions ever held by the National American Woman's Suffrage Association came to an end here today after the adoption of resolutions on several important subjects. The resolutions demand an equal standard of morality for man and woman, commend the government for its efforts to decentralize vice and favor arbitration among nations, to the end that wars might be prevented.

There was only one session of the convention to-day, which was held principally to revise the constitution of the organization. A change in the manner of voting so that delegates may cast their ballots individually, instead of by States, was the only important one made.

The place for the next convention will be selected by the executive board, which will meet in New York to-morrow. About the time the convention adjourned finally, four mass meetings, under the auspices of the association, were held in Independence Square. Speakers from four stands addressed the crowds.

INCREASE STOCK

Richmond Bank and Trust Company Will Have Capital of \$500,000.
The directors of the Richmond Bank and Trust Company decided at a recent meeting to increase the capital stock of the institution by \$200,000, from \$300,000 to \$500,000, and in consequence of that action the stockholders will be asked to contribute to their annual meeting on January 13, 1913.

President H. R. Pollard, Jr., said last night that the increase would probably be sanctioned. The additional issue will probably be taken up by those who already own stock. The increase will date from February 1, 1913, according to the present plans of the directors.

Since its organization last year the business of the bank has grown rapidly, and the officers and themselves clamped in their transactions from lack of capital.

NOT READY TO REPORT BILL
House Committee Will Not Attempt Currency Reform Legislation.

Washington, November 26.—No currency reform legislation will be attempted at the coming session of Congress, it was practically decided to-day at an informal conference of the Democratic members of the subcommittee of the House Banking and Currency Committee, headed by Representative Glass, of Virginia.

The committee probably will be unable to report anything like finished legislation to the House at this session," said Mr. Glass to-night.

No definite steps towards drawing a bill have been taken by the members of the committee and an currency scheme probably will be postponed until the Aldrich currency plan, rejected by the committee, following the specific declaration of the Democratic national platform against the Aldrich plan.

TEACHERS GATHER
FOR CONFERENCE

(Continued From First Page.)

and the Association of College and Secondary Schools will gather in the music room.

The kindergartners and the collegiate and secondary school instructors will be expected to conclude their meetings by 3:30 o'clock, at which hour the State Teachers' Association, one of the four main bodies, and by far the largest, will have its opening session in the auditorium of the John Marshall High School.

Will Talk to Teachers.

Joseph H. Saunders, of this city, will then deliver the address of welcome, which will be responded to by W. H. Keister, of Harrisonburg. Addresses will be made by J. R. Hunter, of Emory, on "The Teacher and the Community," and by Miss Fannie Dunn, of Crewe, on "The Teacher and Her Pupils."

The principal address of the opening meeting of the State Teachers' Association will be delivered by Dr. Philip Van Ness Meyers, of College Park, O., on "The School Peace League." This will end the afternoon session.

In the meantime, at 4 o'clock, the Department of Music Teachers will meet in Room 215, and the Alumni Association of the Peabody College for Teachers will gather in Room 167.

General Meeting To-Night.

The first general meeting of the Virginia Educational Conference will be held at 8:15 o'clock to-night in the Auditorium, under the auspices of the Conference of Division Superintendents.

J. D. Ezzieston, Superintendent of Public Instruction, will preside. The address of welcome on the part of the city will be delivered by Mayor George Ainslie, and on the part of the city's schools by Superintendent J. A. C. Chandler, T. S. Settle, State Supervisor of Rural Elementary Schools, will discuss "School Fairs." Then will come an address on "School Buildings in Virginia," by Judge Martin Williams, floor leader of the Democratic majority.

In the House of Delegates of Virginia.

Some Special Features.
A decided feature of the conference this year will be the exhibit of the State Health Department, in Room 113 of the conference building. It treats of all branches of organized public health work, and it is expected will be of great value in showing the trainers of the young in this State, what is being done and what can be done in the spread of sanitation.

From 1 to 2 o'clock Friday, the members of the conference will be guests of the University College of Medicine. There the visitors may see a medical college running in regular fashion, with lectures going on and the daily routine carried out.

Of value to those interested in women's work will be the meeting of the Virginia Home Economics Association, which will be held at 2:30 o'clock to-morrow afternoon in Room 164. This branch was organized last year, through the efforts of Mrs. Mary Evans Dillard, of Lynchburg, a premier worker in this line.

The object is to teach young girls scientific home-making. Ten years ago Staunton and Lynchburg were the only places in this State where any attempt was made of this sort, but the last four years has witnessed wonderful growth in effort in many places.

To Become a Clubless City.
(Special to The Times-Dispatch.)
Sallyburg, N. C., November 26.—Sallyburg is to become a clubless city. The sixteen or more social clubs doing a land office business here for the past two years have announced that they will go out of business. Several of the organizations did not open to-day. Applications are to be made to the Secretary of State for dissolution at once. The action is a result of judgments ordered two weeks ago by Judge B. R. Miller against all the clubs.

Shoots Himself in Hand.
While demonstrating to friends his ability to use a revolver, Lester Casey colored, yesterday afternoon about 1 o'clock shot himself through the right hand at Seventh and Marshall Streets. Casey said that he did not know the weapon was loaded. He was showing it to friends and explaining how it worked when it suddenly exploded. The bullet, of 35-calibre, passed through his palm and out of the back of his hand. Dr. H. T. Hawkins, ambulance surgeon, responded to an emergency call and treated Casey. He was removed to the City Hospital.
